## OBJECTIVE

Looking for an Organization to showcase my skills, gain experience, do teamwork, and get familiar with recent technologies after working through 1000+ hours of boot camp, and web courses learning full-stack web development. Eager to tackle real-world challenges to have a lasting impression on user experience

## PROJECTS

### ProShop | MERN Project

- E-commerce site having user and admin privileges with payment functionality
- Used React Router, React Bootstrap, Redux toolkit, axios, Image upload (Multer), JWT, and PayPal Sandbox

### DevConnector | MERN Project

- Social network where developers can share skills and GitHub repositories
- Used React Router, Redux toolkit, fetch APIs, JWT, GitHub OAuth app for fetching Dev repositories

### Share Place | MERN Project

- Share favorite places with image and map functionality
- Used React Context, Animation, Router, fetch APIs, JWT, Image Upload, OpenStreetMap, Open Layers APIs

### Omnifood | Web Design

- Responsive food App design using HTML, CSS, CSS Grid and Flexbox and image optimization

### Natours | Web Design

- Responsive Tour booking design using HTML, CSS with floats, SASS, Animations, optimization.

## BOOTCAMPS/COURSES

- The complete web development bootcamp 2021
- React - The Complete Guide
- React, NodeJS, Express & MongoDB - The MERN FullStack Guide
- HTML-CSS Course, Advanced CSS Course
- Subhash C Programming

## STRENGTHS

- Quick Learner - Even though non-CS background, I was able to learn web developing skills in a short span and am eager to learn more.
- Time Flexibility - Able to work at any preferred time
- Patience - Have patience to know the problem and work for a solution
